📱 PAGE 3 OF 5 · HOW GUESTS JOIN THE PARTY

How Players Join From Their Phones!

No apps to download! No accounts to create! Even kids & grandparents join in 10 seconds.

STEP 1

Scan the QR Code

Players open the regular **Camera App** on their iPhone or Android phone, point it at the QR code on your TV, and tap the link that pops up!

STEP 2

Pick a Cartoon Avatar

Players tap their favorite character from **20 Cartoon Holiday Avatars** (or tap 🎲 Random) and type their funny nickname!

STEP 3

You're on the Big Screen!

As soon as they tap **"Join the Lobby ▶"**, their cartoon character pops up live on the TV screen!

🤝 Playing Solo vs. Playing in Holiday Teams!

While everyone is joining the TV Lobby, the Host can choose between two fun ways to keep score:

👤 Every Elf for Themselves (Solo)

Every player competes for their own score! Great for groups of 2 to 25 players.

👥 Holiday Teams Mode (2, 3, or 4 Teams)

Turn on **Teams** in the Lobby (Mistletoe, Tinsel, Gingerbread, Holly)! Players tap which team they are on from their phone.

💡 What if someone's camera can't scan QR codes?

No problem at all! They can just type **christmasparty.live/join** into their phone browser and enter the **4-digit Room PIN** shown on the TV!

How the 4 Game Modes Work!

Here is what happens on the TV and on Players' Phones in each mode:

Mode 1: Live Multiple-Choice Quiz (SPEED-BONUS)

- **Players:** Look at the question on the TV, then tap one of the 4 colored buttons (🎄 🎁 ⭐ 🔔) on your phone before the timer runs out! Answering faster gives extra points!
- **Host:** Just click **"Next Question ▶"** and **"Leaderboard ▶"** — points are calculated automatically!

Mode 2: Holiday Top Answers ("Top Answers")

- **Players:** Tap the big red **BUZZ!** button on your phone to answer first, then guess what the most popular survey answers are!
- **Host:** When a player guesses right, click that number tile (1, 2, 3...) on the TV to flip it open and add points to the Bank! If they guess wrong, click **"✕ Strike"**. At the end of the round, click **"Bank to Team"** to award the points!

Mode 3: Christmas Category Quiz Board

- **Host:** Click any point box on the TV grid (e.g., *"Xmas Movies for 200"*) to open the clue.
- **Players:** Hit the giant red **BUZZ!** button on your phone! The TV shows whose finger was fastest and locks everyone else out. Say your answer out loud!
- **Host:** Click **"✓ Correct"** (adds points automatically!) or **"✕ Wrong"** (lets the next person in line try!).

Mode 4: Emoji Puzzles, Riddles & Song Buzzer

- **Players:** Look at the Emoji Movie/Song puzzle, riddle, or lyric on the TV. As soon as you know it, smash **BUZZ!** on your phone and shout the answer!
- **Host:** Click **"✓ Correct (+100)"** to give them the points, or **"Reveal Answer"** to show the solution on TV!
